

## Frameless Cube Aquariums

The redesigned cube aquariums feature sleek, modern lines – no more black plastic frames to detract from the appearance of the aquatic environment. The frameless cubes are proudly built in the U.S., with distortion free, scratch-resistant glass. Beautiful and versatile, frameless cubes are compatible with Marineland LED and fluorescent lighting, hang on tank filters, and canister filters. □

□  
Dimensions listed are width x depth x height. Limited lifetime warranty.
